

## Product Change Notice

Title	EPX-855-G End of Life Notice
PCN#	11-0006
Date	6/21/2011

### Summary

Unfortunately, IC manufacturers discontinue components for a variety of reasons and occasionally we must stop production of one of our products. Several key components on the EPX-855-G product line have been discontinued by the manufacturer(s).

### Impact

WinSystems, Inc. has a limited number of components and will continue to manufacture the board until the supply is exhausted. Although this is very difficult to predict, we anticipate continuing production for approximately 12 months at current rates.

### WinSystems Products Affected

The affected products are summarized in the table below where "xx" is the variant number:

Part Number	Description
EPX-855-G-1G-0	EPIC form factor 1 GHz SBC without fan
EPX-855-G-1G-1	EPIC form factor 1 GHz SBC with fan
EPX-855-G-1.8G-1	EPIC form factor 1.8 GHz SBC with fan
EPX-855-G-xxxxx	All custom variants of the EPX-855-G

### Recommended Action

Please contact one of our Application Engineers at your earliest convenience to discuss suitable replacement products for the smoothest transition possible.

### Last Time Buy schedule

WinSystems will accept last time buy orders based on product availability. Last time buy orders are non-cancelable and non-returnable.

### Last Time Ship Schedule

Contact your WinSystems' Application Engineer for complete details of the WinSystems' EOL Policy.

Standard warranty policies apply.

### Special Considerations

Customers with previously negotiated, special considerations will be handled separately. Contact your WinSystems' Applications Engineer with any questions.
